Prevalence of Antibiotic Resistance in Enteric Pathogens in Drinking Water Supplies

---

SYNOPSIS

Supervisor:

PROF. M KRISHNA MOHAN

Head, Research &Development

Birla Institute of Scientific Research

Jaipur

Co-Supervisor:

Dr PALLAVI KAUSHIK

Senior Assistant Professor

Department of Zoology,

The IIS University, Jaipur

Presented by:

TANUSHREE SAXENA

Research Scholar

The IIS University, Jaipur

INDEX

S.NO	TOPIC	PAGE NO.
1.	Introduction	1
2.	Water borne Diseases- A Threat to the Health.	3
3.	Global Burden of Waterborne Diseases.	4
4.	Common Water borne Diseases Outbreaks.	5
5.	Detection of Enteric Bacteria in Water Resources.	
6.	Antibiotic Resistance Genes in Water Environments	10
7.	Molecular Subtyping of Waterborne Bacteria	12
8.	Objectives of Research	14
9.	Methodology	15
10.	Plan of Work	18
11.	References	19
